

# GRAS RA0073

Adapter for 1" microphone and 1/2" preamplifier

Length: 63 mm

The thick end is provided with:

Inner threading for preamp.: 11.70-60 UNS-2

Outer threading for mic.: 23.11-60 UNS-2

Material: stainless steel

GRAS Sound & Vibration

The RA0073 is an adapter for using a 1" microphone with a 1/2" preamplifier.

The influence of the RA0073 on the acoustic field is minimal.

## Introduction

The GRAS RA0072 adapter is intended for the situation when you have a GRAS 1/2" preamplifier and wish to extend its use to also work with a GRAS 1" microphone. To install, just screw the microphone cartridge to the adapter. Then screw the preamplifier onto the adapter.

## Design

The GRAS RA0017 is designed for a minimum acoustical influence on the measurement. It has an inner threading for the preamplifier and outer threading for the microphone. The adapter is made of high quality stainless steel. The microphone cartridge and preamplifier interconnects directly and thereby no attenuation is introduced. This means that the characteristics of the microphone are maintained.

## Alternatives

In setups with size restrictions then consider the GRAS RA0017.

## Quality & Warranty

GRAS accessories are made of stainless steel, alloys and high-quality composites. These items are covered by a 2 year warranty respecting their intended use.

On consumables like batteries, cables and windscreen we offer a 6 month warranty.

## About GRAS Sound & Vibration

GRAS is a worldwide leader in the sound and vibration industry. We develop and manufacture state-of-the-art measurement microphones and related equipment for industries where acoustic measuring accuracy and repeatability are of the utmost importance. This includes applications and solutions for customers within the fields of aerospace, automotive, audiology, consumer electronics and other highly demanding industries. GRAS microphones are designed to live up to the high quality, durability and accuracy that our customers have come to expect, trust and require. GRAS Sound & Vibration is represented through subsidiaries and distributors in more than 40 countries and is part of Axiometrix Solutions, a leading test solutions provider comprised of globally recognized measurement brands.
